

**IF YOU
DON'T
WANT IT
TO
THAW,
STINK,
SHRINK
OR
SPAWN,
CALL US.**

A poorly chilled seafood shipment can sink your catch by shortening the shelf life or affecting taste and texture.

Our time/temperature monitors tell you exactly the temperatures your seafood was under in transit or storage. So the next time it turns to fertilizer, you'll know why.

Call 1-800-999-7926 for details. Ask for extension 302.
