

BLOW UP YOUR GENOMICS WORKFLOW.

**Automate nucleic acid
QC and get on with your
life sciences.**

Wipe out handling errors and
streamline lab operations with
Fragment Analyzer. Just pipette
once and it automates
capillary electrophoresis.

**No chips. No tapes.
No compromises.**

- Setup in seconds
- Get resolution down
to 2 base pairs
- Detection starts at 5 pg/ μ L

**DISPENSE WITH YOUR TIRED
OLD WORKFLOW AT
FRAGMENTANALYZER.COM.**
